EXPLORE BY THE POUR WITHOUT PULLING THE CORK

The Coravin™ System allows you to pour and enjoy fine wine without disturbing the natural ageing process by keeping the cork in the bottle, where it's been since it was first sealed at the winery.

Wine flows out but oxygen never gets in, eliminating the problem of oxidation. This process allows the wine remaining in the bottle to continue to evolve naturally.

At Fazenda, you can enjoy our finest wines without having to purchase the whole bottle. Explore the world of premium wines at accessible prices. Look for the Coravin logo on our menu next to carefully selected wines from the range.

ALLERGY INFORMATION

Our Allergen Guide is available on our website or via the QR code on your menu. It shows which of the 14 legally declarable allergens are contained in our menu items as well as "May Contain" information passed to us from the suppliers of the ingredients we use, but it does not list all ingredients in each menu item. You can also view the different dietary requirements in the guide.

Please note we cannot guarantee there won't be any cross contamination in our food or drinks. If you suffer from any allergy or intolerance, please tell your server before you order and we will guide you through our system. We recommend that you check the Allergen Guide yourself every time you order even if you have dined previously with us, as our recipes sometimes change.

Allergen information is only available for some types of drinks.

Our menus or Market Table labels show nutritional calorie information per portion served or for each 100 grams. As a guidance the recommended daily calorie intake is 2,000 calories a day for women and 2,500 for men.
